Mrs. Mary Leahy, Acting Director
New Bedford Board Of Health
Room 217
City Hall
New Bedford, MA 02740

Dear Mrs. Leahy:

As EPA generates and releases reports on the Superfund activities in the area, we want to ensure that the public has access to the information. As such, we want to establish document repositories in the New Bedford/Fairhaven area.

As we discussed by telephone on November 22, the Board of Health office will be one of the locations for public access to the documents.

Your assistance and cooperation in this effort are greatly appreciated. If you have any questions, feel free to contact me at 223-5775.

Sincerely,

Gerard Botolongo
New Bedford Project Officer
